

Our Town

By Peggy Blanehard

Jeff George caught a 24-pound Ling cod Wednesday off Capitola and was showing it to an admiring audience in front of the post office that afternoon.

If anybody tries to sell you an advertisement or a high-priced copy series, it wasn't us who sent them—Our prices are lamentably low—mats and copy writing service are free and if you are just pining to spend some money on agency service, we can give you the names and addresses of nationally accredited agents who will be happy to add you to their clientel.

I hate to bring this up, but it seems that Campbell's handsome new businesses attract wave after wave of promoters with silver tongues, sincere hand-painted neckties and that Hollywood touch.

Not referring to any in particular, but some have 75c mats to sell for \$5—on a year's contract—so be mighty careful, dear advertiser, where you sign your name.

If you find some car keys between the post office and bank, chances are they belong to a man at phone 2605. He lost them Monday afternoon.

Giles Gulch Gophers are looking for one more neighbor or couple so they can challenge the baseball nine at the other end of the block. Challengers are the Mel Cottons, Howard Cherrys, Ed Allens and Owen Petersons—and their prospective opponents are the B. A. Evans, Arnold family et al—the et al including sundry puppies and children who play short-stop and root like mad for the home team.

Seven poppicks apiece is the quota per young one for graduation doings at Cambian school tonight, we hear tell.

An anonymous giver sent \$15 to County Hospital's pediatrics department to buy an umbrella for the play yard. Now play ladies who give their time to help small patients there back to health and happiness are hoping for a sand-box or two to go underneath said umbrella. Any suggestions?

It was Mrs. J. Laurie, Mrs. E. Polen, Mrs. K. Jensen, Mrs. L. Mack and Mrs. W. J. Farin who staged the rummage sale in Odd Fellows hall June 3, all for the cause of the Union School Home and School club. This notice is belated, but reminds me to remark what a jolly custom is the rummage. Such sales have probably supported as many worthy causes as the Marshall plan.

Saturdaynighters club has lamb chops in the menu for a covered dish supper at the R. J. Flagg's home this June 12. Anyway, lamb chops are suggested as what to take for a main dish. Committee is composed of Mr. and Mrs. Earl Buck and Mr. and Mrs. Flagg.

The Flagg's barbecue equipment was the center of a session of the Kumpoinus club Monday evening, too. They're a group of some 40 old friends who were former neighbors in Willow Glen.

Founder Speaks To Local BPW

Lillian Palmer of Los Gatos, one of the founders of the National Business and Professional Women's Club, was speaker Wednesday night at the second regular meeting of the Campbell club.

Some 25 women attended the dinner in the Campbell House.

Wins Two Firsts At Puppy Show

Entered in her third show Sunday, Carlene de Milfra, nine months old Great Pyrenees puppy owned by L. E. Garcia, took two firsts and best of breed honors at the Sacramento puppy match. The dog was bred from imported stock from the Great French Pyrenees mountains and has several wins on her championship score already. Lack of competition makes championship points hard to attain, as this breed is represented by only some 50 in the entire state.

Vacation Workers Need Social Security Cards

High school boys and girls who are planning on working in business or industrial jobs during the summer vacation should make certain that they have their Social Security Cards, John J. Cassidy, manager of the San Jose Social Security Administration Office warned today.

Employers are required to have these numbers for their records, even though the job may be only part time or of short duration. Many employers are declining to hire anyone who does not have his Social Security Card, when application for a job is being made. Other employers decline to issue pay checks until they have a record of the Social Security number. Employers must have these numbers or they are subject to action by both the Bureau of Internal Revenue and the Social Security Administration.

Cassidy suggested:

1. Take your Social Security card with you when you go to apply for work.
2. If you don't have a Social Security card, get one before you start looking for a job.
3. If you have lost your card, get a duplicate. Don't get a new number.
4. If you have lost your card and need something immediately so you can go to work, ask for a temporary receipt. It usually takes about 10 days to secure a duplicate card.

Cards may be obtained at Room 1003, Commercial Building, San Jose. For those living out of San Jose application can be obtained at the local Post Offices or employment offices, or by writing or phoning.

Senior Week Opens Saturday

San Jose State College will open its commencement week activities Saturday, June 12, when the annual Home-Coming Day for alumni of the college will be held. Six hundred alumni of the college are expected to attend the event, which opens with registration at 9 a.m.

Members of the 1898, 1923, 1938 and 1948 classes will be honored this year. The Golden Grads, composed of those who graduated half a century or more ago, will hold a meeting with Hobart Herkins, '97, of San Francisco presiding.

The luncheon at 12:30 p.m. will be held on the campus in front of the library building. Principal speaker will be DeWitt Portal, a 1930 graduate of San Jose State College, and at present its boxing coach. A plaque marking the site of California's oldest publically-supported institution of higher education is to be dedicated by the San Jose Historical Commission.

The closing event of Home-Coming (Continued on Page 8)

DELAY'S ENDED!

Fiancee Arrives In Campbell From Brussels

More than two years of waiting and several thousand miles of red tape ended Tuesday for Bethuel L. Garcia and his fiancee, Miss Yvonne DeBree.

Miss DeBree, daughter of Mr. and Mrs. Charles DeBree of Brussels, Belgium, arrived in Campbell June 8 by air from Brussels by way of Lisbon and New York.

The couple plan to be married in Campbell Methodist church. Details of the wedding have not been completed.

Bethuel and his bride-to-be met while he was stationed in Brussels with the U. S. Army Military Police and their engagement was announced by her family before he returned to this country in 1946 for separation from military service.

Mr. and Mrs. L. E. Garcia and several members of the family accompanied Bethuel to San Francisco airport Wednesday noon to greet the newcomer.

Graduate from State College

Seven students from Campbell are among the 639 who will receive A.B. degrees, associate of arts degrees and/or teaching credentials at the annual commencement exercises of San Jose State College Friday, June 18. The program will be held at 4 o'clock and will be staged in the Spartan Stadium for the first time in the history of the college.

Other events of commencement week include the alumni Home-Coming Day June 12, baccalaureate June 13 and the faculty reception to the seniors June 16.

Campbell graduates and the degrees and honors they will receive are:

Luvette Sheldon Johnson, A.B. degree in aeronautics.

Harold Eldon Truscott, A.B. degree in air transportation.

Harold Gene Watts, A.B. degree in industrial technology.

Ruth Marie Cousins, A.B. degree in music.

John Z. Ickes, A.B. degree in speech and drama with departmental honors.

Gloria Joy Kuehner, associate of arts degree (Junior College).

Betty Jean Helm, A.B. degree with general elementary teaching credential.

OPEN STUDIO SHOP

Mr. and Mrs. Harley D. Jones have opened the Craft Studio venetian blind shop in El Patio on Campbell avenue.

Formerly in business in Long Beach, Calif., they now reside in Campbell avenue with their infant daughter Janice.

Central Avenue Paving To Begin Immediately

Central avenue, from Campbell to Hamilton avenues, is, at long last, to be paved, according to word today from Robert Chandler, county road commissioner.

The paving job, scheduled for some time, has been let to A. J. Raisch Company for an approximate sum of \$16,000. The work will begin immediately and is to be completed within a period of 60 days. When completed, the new paving job will present the appearance of a modern thoroughfare. The street will be widened to sustain easy two way traffic and still provide ample parking facilities on either side.

Construction is of deep asphalt concrete and is expected to withstand the heavy traffic now imposed on it. Peerless stages use the road as one of their main routes into and out of the Campbell area.

Rotary Wives To Be Honored

E. Frederick Korb, connected with Dean Witter and company, was guest speaker at Monday's noon luncheon meeting of Campbell Rotary Club. Mr. Korb gave an interesting talk on investments as related to the times and stabilities of companies. His talk was supplemented by the showing of motion pictures, produced by Time Inc., which graphically showed the relationship of money, men and machines to the economy of the country. Al Peacock was chairman of the day, and introduced the speaker.

Next Monday, June 14, has been designated as ladies' day when Rotarians will honor their wives at a dinner to be held at the Country Woman's Club at 6:30 in the evening. A grand evening is planned for the girls with plenty of surprises in store, according to Jim Arends Sr., president of the local club.

All Rotary members are requested to get in touch immediately with Forrest Reese, secretary, at Campbell 3303 for reservations, in case they have not done so. Friends of Rotary members are also invited to attend the dinner. Joaquin Payne is chairman of the day.

Footlighters Prepare Booth for Youth Council Carnival June 14

The regular June meeting of The Footlighters was held in the Price barn, Dry Creek road, Tuesday evening. In the absence of President Mary Parker, Gene Hodges conducted the meeting. It was decided that the annual picnic would be held at Sea Cliff on August 1. The group will meet at Levenberg's at 7:30 p.m. June 14 to prepare for their booth at the carnival to be held July 17 under the auspices of the Campbell Coordinating Council. Betty Doyle, Evelyn Bachman and Jean Sheer volunteered to assist in conducting classes in dramatics at the Recreation Center this summer.

The evening's entertainment consisted of a burlesque on a radio station program under the direction and authorship of Marion Nelson and Alma Fanning. Budd Levenberg took the part of the announcer, in need of sleep; Marion Nelson gave a fashion talk in reverse on what the well dressed woman should wear, and Betty and Bob Doyle, while anything but harmonious off the air (on stage), were principals in the serial "The Perfect Married Couple." Refreshments were served by LBen and Virginia Howard.

Final Summer Meet Of Campbell PTA

"Life With Baby" was the title of the film shown by Mrs. F. Hale Jackson, parent education chairman of the Sixth District PTA at the regular Tuesday afternoon meeting of the Campbell Grammar School PTA. This will be the last meeting of the year, according to Mrs. Joyce Longfellow, who presided.

Also speaking on the program was Mr. William Henley, superintendent of schools, who stated that because of the new subdivisions (Continued on Page 8)

Be-Whiskered League Sced For Next Week

In the "Old Man's" League of softball, played at the Campbell Grammar School grounds, the following teams will meet in mortal encounter beginning next Monday.

June 14—Kiwanis vs. Cambrian Men's Club.

June 15—Methodist Church vs. American Legion.

June 16—Hunt Foods vs. IOOF.

June 17—Moorpark vs. San Tomas Improvement Club.

No data is available on scores for the week just waning. But unofficial sources say it would take a tachometer to measure them. All players must be over 30 years of age to be eligible to play.

Re-Appointed to Plan Commission

Patrick H. Peabody, publisher of The Campbell Press and other Santa Clara County newspapers and radio station owner, was appointed to a four-year term on the Santa Clara County Planning Commission by action of the Board of Supervisors Monday.

Will B. Weston, pear rancher of the Agnew District, who has served the commission as its chairman for the past four years, was re-appointed by the board at the same session.

Mr. Peabody was first appointed last year to fill the unexpired term of Robert C. Kirkwood, who resigned after being elected to the State Assembly. Peabody's term was to expire on June 30.

Returns to Post In Washington

Congressman Jack Z. Anderson, re-elected by handsome majorities from both major parties at last Tuesday's primaries, returned to Washington today.

Unofficial returns gave the popular representative a total of approximately 85,289 votes. This latest victory is the fourth time Anderson has won both Democratic and Republican primaries. Anderson won without a November contest in 1940, 1942 and 1946.

Before leaving to resume his duties, Anderson expressed gratification with election results. "I cannot say how deeply grateful I am for the overwhelming vote of confidence that has again been given me by the voters of the Eighth District," Anderson declared. "It makes me more determined than ever to pursue those policies on which I based my campaign."

Anderson, a ranking member of the Armed Forces Committee of the House, is chairman of the important sub committee on procurement and material.

Rain Damage to Cherry Crop May Reach 45%

Santa Clara County Farm Bureau Cherry Department moved swiftly last week, through its chairman, Frank L. Steindorf, to voice objections against the National Farm Bureau recommendations before the House Ways and Means Committee for extension of the Reciprocal Trade Agreements Act for the next three years, in its present form.

"U. S. producers normally offer 250,000 barrels of brined cherries to the domestic trade each year. This production has been ample to supply our needs at fair return to the growers under the protection of the tariff against imports of this type of product. Should the act, which is due to expire on the twelfth of this month, with its provisions giving the President broad powers to cut the levies as much as 50 per cent, be extended for three years, it is certain that outside pressure may be successful in breaking down the only barrier which protects our cherry industry, which represents an investment running into several million dollars," Steindorf stated.

Santa Clara Valley produced some 454 carloads—more than a million pounds—of black cherries last year, in addition to the white Royal Annes packed by local canneries.

Hundreds of pickers and packers are now at work on the 1948 crop, which will average 70 to 75 per cent of 1947 production. Picking is expected to continue about three weeks.

Gross pickings are running 25 (Continued on Page 8)

Bicycles and Trucks No Match, Boys Find

An accident Wednesday noon between two boys on one bicycle and a truck crossing Campbell avenue proved the old adage that Don Quixote and Pancho learned the hard way. "Don't trifle with irresistible forces."

Unfortunately one of the boys, riding on the handle-bars of a chum's bike had to be hospitalized for a few hours for treatment of his bruises. The two, not riding tandem, but preferring the fore and aft method, were riding west on busy Campbell avenue during the noon hour on Wednesday when they encountered the truck, which was crossing from south to north on Campbell avenue at Third street.

Peddler of the bike, Charles Daugherty, had his vision obscured by the lad on the handle-bars, Alvin Ellis, 18, of 25 Harrison street. Result was a collision with painful bruises to young Ellis. He was treated at the scene of the accident by Dr. J. Frederic Snyder who sent the lad to O'Connor Hospital for further observation. His injuries were not considered serious and he was released late Wednesday afternoon.

Kiwanis Hears Dr. Campbell

Kiwanis Club of Campbell was treated to an inspired message on county government at their Tuesday luncheon meeting by Dr. Earl Campbell, resident of Los Gatos and professor at San Jose State.

Dr. Campbell, chosen in the June first election as supervisor for the fifth district, outlined the needs for bringing county functions up to date. He held that with the higher standards of living, increased population, industrial and commercial growth of the county, it was vitally necessary to over-haul our county governmental structure. He said that he believed some form of leadership, such as might be provided by a county manager, would tend to make more flexible and workable the county laws under which we operate. He pointed out that the Board of Freeholders, who will formulate a county charter to be presented to the people at the No- (Continued on Page 8)

Fields-Graviel Rites Read in San Leandro

Arthur Fields, son of Mr. and Mrs. M. S. Fields of Campbell, and the former Miss Emily Graviel of San Leandro were united in marriage recently in St. Leander's church, San Leandro.

The bridegroom was graduated by Campbell schools and is now employed in San Jose. The couple is now at home in San Leandro. The bride is the daughter of Mrs. Joseph Graviel and the late Mr. Graviel.

A family friend, Mr. Jack Kline, gave the bride in marriage. She was attended by Mrs. Velma Branigan, sister of the bridegroom; Mrs. Agnes Vital, Mrs. Estella Wells and Sonia Simas, John Fields, a cousin, was best man, and Louis Vital and Jack Wells were ushers.

The bride was gowned in traditional white satin and wore a fingertip veil held in place by a tiara of seed pearls. Her jewelry was a gold cross and chain set with diamonds, a gift of the bridegroom.

Wedding guests filled the church for the formal afternoon ceremony and were entertained later at a reception and buffet supper.

Entertains Unit Staff

An evening of fun was held recently when Mrs. Harold Pack, president of Campbell American Legion Auxiliary, entertained officers and committeewomen of the unit at her home on North First street. Vases of beautiful roses were used as decor for the living and dining rooms. Only a short business session was held, which was followed by games and conversation. At the close of the evening, the hostess served delicious refreshments.

The Naval Air Station, Alameda, California, has been given the Secretary of the Navy's Award in Achievement in Safety.

St. Lucy's Club Closes Season

Thursday the St. Lucy's Women's club met for their last meeting of the old term and for installation of officers. A report of the last card party was given by Mrs. Stephen Ridgely, chairman, and a nice sum of \$50 was made and it is being turned in for the O'Connor drive.

After the old business was concluded there was installation of officers by Mrs. Ira H. Grim and as each officer was installed she was presented with a beautiful corsage made by Mrs. Mary Trigueiro and Mrs. Rose Serpa. The following are the new officers: Parliamentarian, Mrs. Monica Parr; president, Mrs. Ralph Nelson; vice president, Mrs. John Amada; secretary, Mrs. Ambrose Metcalf; treasurer, Mrs. Joseph Furtado; master of ceremonies, Mrs. Frank Lucas, and historian, Mrs. Joseph Carvalho.

The club decided to sponsor the new youth club that is being organized by the parish. It was also decided to give a Bible to the public library in Campbell.

Rev. Father Denis Kennelly spoke on various interesting subjects. After the meeting there was a short musical program. George Nelson played a violin solo accompanied on the piano by Margaret Smith, and Carl Nunes

played several selections on the guitar.

Refreshments were served by Mrs. Joseph Carvalho, Mrs. John Perata, Mrs. Joseph Ott and Mrs. Louis Carbone.

The combined choirs of the Methodist Church had a choir social evening after rehearsal on Wednesday evening, June 9, to honor Miss Mae Fox and the Rev. Robert Carlson. Refreshments and games were enjoyed by the group. A gift was given to Miss Fox.

Job's Daughters Plan Ceremony

The second installation of Job's Daughters Bethel 174 of Campbell will take place this Saturday evening, June 12, at 8 p.m. in the Odd Fellows hall. It will be an open installation and all friends of Job's Daughters are cordially invited to attend.

Patricia Ralston will be installed as Honored Queen along with her corps of officers and choir members.

A large group of Job's Daughters attended services at the Methodist Church last Sunday.

The common herring possesses a most elaborate structure for detecting sound.

Wednesday Is Picnic Date

Next Wednesday, June 16, is the date of a picnic planned by Campbell group of the Agricultural extension service.

The group will meet at 10 a.m. at Methodist church and drive to Alum Rock Park. Each woman is to take her own table service and beverage.

Some 41 met for a lecture and practice session recently when Mrs. Winifred Jecker described ways to serve afternoon tea with a flourish. Sample menus and garnishes were tried out and served at the close of the meeting.

GUNNAR HAGGLÖF

The Kingdom of Sweden occupies the eastern part of the Scandinavian peninsula in northwestern Europe, which it shares with Norway. Although of broken, mountainous topography, Sweden has much productive land, and is well known for the timber and iron and mechanical industries are also important among its exports. With an area of 173,347 square miles she has a population of approximately 7,000,000 inhabitants. The Government is a constitutional monarchy with a two-chamber Parliament known as the Riksdag. Sweden is represented at the United Nations Headquarters by an Envoy Extraordinary and Minister Plenipotentiary, Mr. Gunnar Hagglöf. The Swedish flag is blue with a yellow cross.

Seniors To Dance Saturday at Starlight Serenade

With Starlight Serenade as the theme, Campbell High School Junior Class will entertain the class of '48 at the annual Junior-Senior Prom Friday night, June 11.

Paul Putman and his 10-piece orchestra will furnish the music from 9 to 12 at the Scottish Rite Temple.

Junior committees in charge of the affair are: Norman Simpson, hall arrangements; La Verne La Mar, bids; Elva Soper, Ruth Johnson and Linda Finch, decorations; and Sue Stuckey, refreshments.

O.E.S. Chapter Entertains Heads

"School Days" was the theme when the appointive officers of Campbell chapter No. 553 honored their associates at the last regular meeting of the chapter June 4 in I.O.O.F. hall. Ella Elkey, worthy matron, and John Duncan, worthy patron, presided during the business session.

Deputy grand matrons escorted to the East and presented were Bess James, 40th district; Cora Duernberger, 41st district; Ruby Jones, 42nd district, and Pearl Haydon, 43rd district.

Refreshments were served after the meeting.

Visit with Parents

Mr. and Mrs. M. F. Fields of Winchester road, had their two daughters, Mrs. B. J. Branigan Jr. (Velma Fields) and Mrs. D. H. Chapman (Dorothy Fields) and two grand-daughters Joyce Ann and Marilyn Marie Chapman, as their guests for two weeks.

The travelers were entrained at Oakland, where they were met by Mr. and Mrs. Fields and other relatives.

While here, they attended the wedding of their brother, Arthur F. Fields, in San Leandro.

Ocean-going steamers ply the Amazon River as far as 1500 miles above its mouth.

Wood furniture—new or not so new—needs special care to keep its beauty so that it will enrich your home for years. Dust is the "goblin" that so often ruins the satin finish of furniture. The tiny particles of dirt and grit that compose dust can easily cause scratches unless properly collected.

The attachments on your vacuum cleaner are excellent for dusting because they pick up the dirt, depositing it in the container where it cannot fly around and settle elsewhere. If you use a cloth, it should be clean and free from lint. Gather the dust rather than flick it around.

A hard covering of wax will give your furniture a satin smooth finish. Frequent application of wax builds up a protective covering that prevents permanent damage from burns, water marks and scratches. A good way to apply wax is to wet a soft, clean cloth with warm water and wring it out as dry as possible. Then pour a small quantity of liquid wax on the cloth, or rub on some paste wax, and work it into the cleaned surface of the wood, rubbing with the grain. Allow it to dry, wipe off any excess, then rub vigorously.

Colored waxes are now on the market which tend to make surface scratches unnoticeable. Many furniture polishes are packaged with a stain remover and the two are used together. Accidents that mar the surface of your furniture will happen in spite

Netops Council

Netops Degree of Pocahontas will elect officers at 8 p.m. Friday in the I.O.O.F. hall.

Saturday evening an open air adoption will be held in the Redwoods above Los Gatos across from Chimaeketa Park with a barbeque preceeding the degree for the members and candidates of Netops. Sunday will see many members of both branches of the order at Cowell Grove near Felton for the annual basket picnic and program.

Massing of the colors and building of the Flag will take place at 10 a.m. There will be games for everyone and a good time is expected by all the members and their families and friends.

GUILD MEETS TONIGHT

Members of St. Lucy's Evening Guild will hold their June business meeting at 8 p.m. today (Thursday) in the parish hall.

Egg whites reach definite stages during beating. In order to have satisfactory results in recipes calling for beaten egg whites, it is important that you know the correct stage for each use.

Here is an outline for checking your egg-beating technique.

Foamy—The egg whites are beaten until white and frothy with large bubbles. This stage is used for clarifying soups, coating croquettes, and combining with liquid for custards. It also is the stage when the first of the sugar is added in making meringues.

Stiff Foam—The beaten whites have small air cells and look shiny and moist. The mixture flows slowly when the bowl is tipped and liquid separates from the foam on standing. When the beater is removed, rounded peaks form. This stage is right for souffles, fluffy omelets, sponge cakes and soft meringues for pies.

Stiff—Egg whites beaten to the stiff stage are very white and have very small air cells. The mixture is glossy and moist and forms definite points when the beater is removed. Cooked frostings, candies and hard meringues require stiff beaten whites.

Dry—This stage is too stiff for most purposes because the egg whites will no longer blend with other ingredients. The mixture is dull and breaks when the beater is lifted. "Fluffed Eggs" is the only recipe which requires dry egg whites.

Eggs separate more easily when cold, but for best beating, egg whites should be at room temperature.

of precautions. The extent of the damage determines what should be done. If the damage is small, it usually can be handled at home. Here are a few suggestions for removing some of the common stains on furniture.

Burns. First use a scratch-concealing polish to blend the burned area and the surrounding wood. If the burn is quite noticeable, make a creamy paste of powdered pumice and linseed oil. Use a soft cloth and rub the paste on the spot in the direction of the grain of the wood until it disappears. Avoid getting the paste on surrounding areas. Wipe the spot dry with a clean, soft cloth and polish the entire surface. This treatment may be used to remove alcohol stains.

Water Rings. Apply either a liquid or paste furniture cleaner. If the ring still remains, put a few drops of camphorated oil on a clean cloth and stroke the spot lightly. Finish by rubbing briskly with a clean cloth.

Scratches and Checks. Surface scratches sometimes can be covered by rubbing with colored waxes or polishes. Or a pigment of the right color may be mixed with linseed oil and rubbed on the scratch. These pigments come ready-to-use in tubes and are available in several shades.

Checks cannot be removed but they will be less conspicuous if waxed with a colored wax and polished well.

List Donors to Mobile Unit

Names of donors who contributed to the American Red Cross blood bank May 17 have been announced by Mrs. Merle Gardner, general chairman of the Campbell Blood Bank Unit. They are:

Mrs. Pearl Rodgers, 169 N. First Street; Mrs. Rudy Mills, Rte. 2, Box 385; Mrs. Mary Lobrovich, 342 Latimer avenue; Mrs. Alice Cowdery, 80 N. Second street; Mrs. Betty Meritt, 143 Brookside; Mrs. Rose Silva, 397 Hamilton avenue; Robert James, 80 N. Harrison; Mrs. Virginia Shear, Rte. 1, Box 32; S. E. Mobley, 130 Railroad avenue. Walter Sutton, Amel Riblett and Eric Shuart of Campbell, donated blood previously.

Assisting at the visit of the mobile blood bank unit here were Mrs. W. N. Lloyd, Mrs. Rex Ful-

GRANGE NOTES

Orchard City Grange members and their families will gather June 18 in Los atos Memorial Park for a picnic arranged by women of the Home Economics Club.

The grange heard a report Tuesday evening of the successful minstrel show given recently to benefit the Santa Clara Drill team. Almaden Grange will give a dance July 31 for the same benefit, it was announced. B. M. Shadle, grange master, presided Tuesday evening.

ler, Mrs. R. J. Flagg, Mrs. E. E. Lanphear, Miss Rachel Spradling, Mrs. C. E. Ballot, Mrs. H. E. Peck, Mrs. Spalding and Mrs. D. Frangberg. Nurses who contributed their services for the day were Mrs. Henry Parysek, Mrs. E. F. Kollmer and Mrs. Libby McBain.

Opens Medical Practice Here

Dr. Bertha Bambaugh, who is visiting her sister, Mrs. Pearl Whipple of 78 Railway avenue, Campbell, has opened a practice here specializing in diseases of women and children and will temporarily maintain her office at the Railway avenue address.

Dr. Bambaugh was graduated by St. Vincent's School of Nursing at Portland, Ore., as a trained nurse and completed her medical course at University of Oregon at Portland.

During the war Dr. Bambaugh was examining physician for Douglas Aircraft corporation at Long Beach, and also with Kaiser Permanente Hospital at Vancouver, Wash. She later served on the California Physicians Service staff at Vallejo. She was formerly in charge of the Crippled Children's

New Scout Charter

The new Boy Scout troop of the Methodist Church will receive its charter next Sunday morning in the 11 a.m. service. The Boy Scouts and the Cubs of the church will attend in a body.

The Sunday School departments will participate in the worship service with songs, Bible passages and solos. The combined church choirs will sing "A Mighty Fortress Is Our God."

Arthur E. Tindall twisted his knee playing ball early this week and is on crutches for a few days.

Hospital at San Diego and for six years was a staff physician at Pacific Colony for Feeble Minded Children at Spadra.

CONFER DEGREES

Morning Light Lodge, IOOF, Campbell, will confer the second degree on a class of candidates from Garden City Lodge 142, San Jose, and Santa Clara Lodge 238 in ceremonies at 8 p.m. today in Odd Fellows hall, Campbell.

Fire Prevention Campaign Opens For California's Range and Forest

Governor Earl Warren officially opened California's 1948 campaign to prevent watershed, range and forest fires. A public service program of national scope, initiated by the National Advertising Council, the Association of State Foresters, and the U. S. Forest Service, the campaign in California will shift into high gear this month under the leadership of the California Fire Prevention Committee, a citizens' group organized in 1947 by State Forester DeWitt Nelson. During the summer months ahead more than 85 industrial concerns, trade associations, and governmental agencies that make up the committee will take an active part in this educational attempt to improve the careless outdoor habits of John Q. Public.

Governor Warren said in opening the campaign, "Keeping fire from destroying basic natural resources is of vital importance to all of us. It affects present prosperity and progress as well as our future development. I am told that more than 8,000 forest fires were suppressed last year in this State. They burned over 380,000 acres of watershed, forest, and valley lands. We must reduce these losses and to do so every citizen must help. Each of us can share in constructive conservation programs now in progress by taking every possible precaution when using fire in outdoor areas."

Spearheaded by the State Division of Forestry and the U. S. Forest Service, the educational efforts of the California Fire Prevention Committee will reach their peak during August and September when fire hazards are the greatest. Campaign materials designed by the National Advertising Council again feature "Smokey" the Fire Preventin' Bear. The theme is a serious one showing "Smokey" kneeling in prayer asking "AND PLEASE MAKE PEOPLE CAREFUL." Advertising mats, radio platters and scripts, posters, envelope stamps, bookmarks, blotters, and leaflets will be utilized

in the campaign. In addition to these, major utility, oil, and transportation companies and other members of the citizens' committee are preparing specialized materials for use in the program.

In an effort to reduce the large number of fires started along roadsides from carelessly flipped cigarettes and matches from automobiles, the committee has planned two specific projects. Warning leaflets will be distributed at State Department of Agriculture Border Quarantine Stations to every car and truck entering the State from June through September. Rustic roadside signs that graphically display a hand snuffing out a cigarette in a car ash tray with the words "BE SURE THAT CIGARETTE IS OUT" will be erected along many State highways throughout California. "Smokey" will be displayed on the signs with his reminder "REMEMBER ONLY YOU CAN PREVENT FOREST FIRES."

The typical Navy recruit is 17 years old, unmarried, has no dependents, comes from a rural area, left school at the age of 16, and joined the Navy to travel or to learn a trade, according to a recent survey conducted by the Bureau of Naval Personnel among 2,400 new enlistees.

Fifty-three U. S. Navy bands are at present stationed on ships and at shore stations over the world.

Rodeo Grounds Are Turfed for Show

Introducing the dustless rodeo! At many western shows, spectators find themselves covered with a film of dirt, churned up by automobiles in parking lots and by galloping hoofs on the track in the arena. But that won't be the story at the 32nd annual California Rodeo, to be held at Salinas June 17-20.

According to President F. E. Dayton, the entire parking area adjoining the Salinas Rodeo grounds has been turfed, eliminating the need to wade through dust enroute to the grandstands. And just before the big show, the arena and track will be thoroughly treated with salt water, which prevents dust from rising in the wake of galloping horses or bucking stock.

U. S. Navy scientists expect soon to be able to produce temperatures within .001 degrees of absolute zero (-459.7 degrees Fahrenheit).

Someone neglected to mention to the crows that the U. S. Navy is an up-to-the-minute outfit. Two of the black birds recently attempted to nest on the radar platform of the cruiser USS Atlanta, apparently not understanding that Navy ships no longer have the old-time "crow's nest" at the masthead.

Assistant Secretary of the Navy John Nicholas Brown has described Naval Aviation as "the heart of the Navy, and upon the Air Arm rests the burden of maintaining the seapower we now have. The Navy, as a combat organization, is as strong as its aviation."

A recent analysis of U. S. Navy personnel figures shows that over 46 per cent of the present Regular Navy officers are former enlisted men.

No Witch Hunt in Ploeser Hearings

Left to right: Congressman Richman, Congressman Ploeser and Congressman Patman, House Small Business sub-committee on co-ops.

The House Small Business Committee will go back East this week, when it finishes hearings at Los Angeles on co-op competition with small business.

Much significant information has been developed at the West Coast hearings. Both the co-ops and taxpaying businessmen have been given ample time to tell their stories, and there has been no such cry of "witch hunt" as arose before Congressman Walter C. Ploeser, chairman, revealed his program.

In fact, Congressman R. Walter Richman, of New York, read into the record at the Seattle hearing a statement by James A. McConnell, general manager of the Co-operative Grange-League-Federation, biggest in the country, expressing the opinion that co-ops have nothing to fear from Small Business subcommittee investigations, and hearing by a duly authorized congressional committee to bring out the truth.

"I can see nothing

that resembles star chamber proceedings or even approaches a witch hunt," said McConnell.

In the cross-fire of testimony, co-op spokesmen have told how their organization halted monopoly operations by other business, and, on the other hand, taxpaying businessmen have related their difficulties in staying in business in the face of co-op competition.

Especially significant was the testimony of a Navy veteran of World War II, Edward L. Falls, Jr., who told how he dreamed between battles of going into business for himself; how he set up a hardware, appliance and farm implement store near Spokane; and his dismay when he found that he would have to pay 30 per cent of his Federal income tax while a co-op, doing exactly the same kind of business, was not off scot free.

Ploeser committee will continue hearings in Washington, and probably complete its investigation of co-op competition before House Ways and Means Committee begins its hearings on co-op tax liability on Nov. 4.

Business, Crop and Financial Activities

California business activity showed a marked upturn in May, after a period of mild recession, which ended in April. Retail trade during May has shown a marked increase, and bank loans expanded sharply, James E. Shelton, first vice president of the California State Chamber of Commerce, reported. There is also revived interest in new factory location projects.

"The statewide index of bank deposits dropped to 335 in March, but in April rose to 351, which was above the 1947 peak of 340, reached in October, and some 14 points above April 1947 levels," Shelton stated. "In earlier months of the year, deflationary forces seemed predominant, with money rates growing firmer, commodity prices and trade volume declining in many lines. Passage of the European Recovery Program, prospect of increased armament spending and income tax reduction restored, or perhaps more than restored, balance between inflationary and deflationary forces.

"Downward trends of factory employment and other activity during this period were augmented by the drought outlook and power curtailment. Such uncertainties and restrictions ended with April's exceptionally heavy rains, amplifying the swing toward business optimism and increased activity.

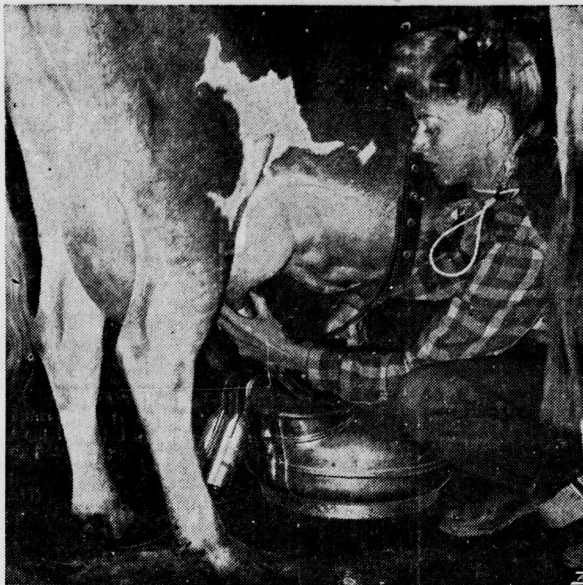

"Constructive activity—a notable exception to the first quarter's downturn of most business indicators—remained at very high levels in April, when building permits issued were 71 per cent above April, 1947. Building permits issued by larger cities in California in the first four months of 1948 totalled \$437,000,000, compared to \$271,000,000 in the same 1947 period, according to the Daily Pacific Builder.

"The U. S. Bureau of Agricultural Economics estimates California's farm income during the first 1948 quarter as \$370,182,000, or 13 per cent over the same 1947 period. Crop marketing returns this period were 17 per cent higher than during the previous year's period. Livestock and livestock products returns were up seven per cent. While livestock, hay and grain prices reached higher levels in April and May, shipments of lettuce and most other vegetables were substantially under 1947 levels, due in part to delay from cold weather and late rains.

"Following ample late rainfall, present outlook is for fair to good yields of most fruit and field crops. Valencia orange harvest is under way with prospects for a smaller crop, with small sizes predominant except in the San Joaquin Valley. The navel orange harvest was about the same as 1947, with returns about 50 cents per box under the same period. Other fruit crop conditions are spotted. The grape outlook is better than usual. Increased planting is noted in flaxseed, sugar beets, cotton and potatoes. Market for several California farm products—such as dried fruit—is directly benefited by the ERP.

"California manufacturing employment declined from mid-March to mid-April to about four per cent

Ginger Rogers—Dairy Maid

ROGUE RIVER, ORE.—(LOOK Photo) Lovely Ginger Rogers, clever business woman as well as talented movie star, is the proud owner of a 1,082 acre farm in the rich Rogue River valley of western Oregon. The farm has the latest and best dairy equipment and sometimes Ginger takes a turn with the "chores" herself—to relax from the routine of Hollywood. Here she applies an automatic milking machine to a prize cow.

under the same 1947 period. Seasonal rise in fish and vegetable canning was more than offset by curtailment in apparel, paper, chemical, rubber and other industries. All durable goods industries, except lumber mills and aircraft factories, laid off workers between mid-March and mid-April. Still operating at levels substantially higher than a year ago are glass, cement, structural clay, steel and can factories. The San Francisco Bay Area machinists' strike, continued material shortages, temporary power restrictions and slowing consumer demands were listed as causes of manufacturing decrease.

"Following its first quarter temporary drop, the consumers' price index rose again in California cities between March 15 and April 15, principally due to food prices. Los Angeles' over-all cost of living index April 15—169.3—was a rise of 1.1 per cent from March 15, and about 6.8 per cent over the same 1947 period. The food prices index rose to about 213.9, compared to the 1935-39 average of 100, or 2.4 per cent higher than March."

The Navy has developed a sea-plane dock which can be carried to advanced bases by the planes that are to use it.

The U. S. Navy donated 557 small craft of various types to the American Sea Scouts during 1946 and 1947.

Girl Scouts To Fete Mothers

Due to the interest shown by all the mothers, Girl Scout Troop No. 22 will again present their one-act comedy play entitled "Buzzie's Babies."

The Scouts will entertain their mothers next Friday, June 11, after school. Refreshments will be served by the girls after the program. As this is the last meeting scheduled before the close of school, it promises to be a gala event.

Vacation plans are well under way, with some of the girls planning to attend the Girl Scout Day Camp in various localities and others getting all set for their two-week stay at Pfeiffer Big Sur State Park in August.

The Navy's air arm reached maturity on its thirty-first birthday—May 8, 1942—when it played its first important role in modern warfare in checking the advance of the Japanese at the two-day crucial battle of the Coral Sea.

Patio Is Scene Of Garden Talk

The Campbell Garden Club enjoyed last week's meeting in the patio of the What-Not Shop, where Kenneth Perry of Germaines, gave a brief informative talk on cascading plants and flowers for use in the forthcoming fall flower show.

A lovely redwood hanging basket, donated by Mrs. Joy Longfellow, was won by Mrs. H. E. Peck. By unanimous decision, the club voted to restrict future membership to those living within the Campbell Union School District in order to continue the club in the area for which it was originally organized.

Father Gilbert of the University

of Santa Clara conducted a verbal tour through the University gardens.

The next meeting will be the annual family pot-luck dinner to be held at 6 p.m. June 16, at the home of Mr. and Mrs. Felix Bersano on Harriet avenue in Campbell. Mrs. Henry Parysek and Mrs. A. T. Ribbitt are chairmen of the event.

Doctors and scientists of medical allied fields may now be commissioned to specialize in the field of research, under a new program adopted by the Navy's Bureau of Medicine and Surgery.

The first Wave assigned to overseas duty during peacetime was recently sent to the Navy's office in San Juan,

Sportsmen's

District Council No. 1 Associated Sportsmen are why the restrictions on fishing in the Carmel River and Waddell Creek angling open May 1 rather than

... The late storm in the Lake Almanor region crippled fishing the past two weeks, and the trout probably will not bite avidly until the natural food washed into the lake by the high waters has been consumed. ... Nearly all streams of the Sierras are now high and roily, caused by melting snows, the result being a general falling off of fishing success. ... However, Bear Creek and Hat Creek produced a few good catches on Hellgramites. Salmon Flies just showing up. Water clearing up—no rain in sight. Best results in the Old Station, Shasta County territory reported on Fall and Rising River, on fly and late in the evening. Butte Lake opened May 30 and about 20 cars fought the snow, shoveling to open the road—practically every one took the limit—the largest a 10½ pound Rainbow caught with flat fish bait. ... Richard Croker, Chief of the Bureau of Marine Fisheries, explains the importance of the fish screen and ladder program of the California Division of Fish and Game in the latest issue of the West Coast Sportsman magazine, published by the Associated Sportsmen. ... Pheasant hunters who are members of the ASC expect to shoot on many private land areas formerly posted with "No Hunting" signs this coming season; the reason being the "controlled hunting season" outlined by their Landowner-Sportsmen Relations Committee. ... Northern California anglers have been expressing much indignation over the May 1 opening of trout season on the Lake Almanor tributaries in Plumas County; at the same time, Henry Cline-Schmidt, president of the ASC, has issued a denial that his organization requested the early opening and can produce documentary evidence substantiating the denial.

Richard Croker, Chief of the Bureau of Marine Fisheries, explains the importance of the fish screen and ladder program of the California Division of Fish and Game in the latest issue of the West Coast Sportsman magazine, published by the Associated Sportsmen. ... Pheasant hunters who are members of the ASC expect to shoot on many private land areas formerly posted with "No Hunting" signs this coming season; the reason being the "controlled hunting season" outlined by their Landowner-Sportsmen Relations Committee. ... Northern California anglers have been expressing much indignation over the May 1 opening of trout season on the Lake Almanor tributaries in Plumas County; at the same time, Henry Cline-Schmidt, president of the ASC, has issued a denial that his organization requested the early opening and can produce documentary evidence substantiating the denial.

... The late storm in the Lake Almanor region crippled fishing the past two weeks, and the trout probably will not bite avidly until the natural food washed into the lake by the high waters has been consumed. ... Nearly all streams of the Sierras are now high and roily, caused by melting snows, the result being a general falling off of fishing success. ... However, Bear Creek and Hat Creek produced a few good catches on Hellgramites. Salmon Flies just showing up. Water clearing up—no rain in sight. Best results in the Old Station, Shasta County territory reported on Fall and Rising River, on fly and late in the evening. Butte Lake opened May 30 and about 20 cars fought the snow, shoveling to open the road—practically every one took the limit—the largest a 10½ pound Rainbow caught with flat fish bait. ... Lit Season Pigeons?

Pigeon hunters have until Friday, June 11, to contact the Associated Sportsmen of California or Division of Fish and Game to register their desires in regard to a split season on band-tailed pigeons.

It has been suggested that the 1948 shooting dates be set September 1 to September 15, inclusive, for California north of San Francisco, and December 1 to December 15 inclusive, south of the Bay City.

The ASC will submit the majority findings to the State Fish and Game Commission and to the U. S. Fish and Wildlife Service for action.

Scholars Elect Campbell Man

Claude Oliver Grizzle of Campbell has been elected to membership in the Society of Academic Scholars at San Jose State College. The society is an undergraduate organization sponsored by the Phi Beta Kappa Faculty Club.

Membership in the society is limited to majors in mathematics, modern languages, English, social science, natural science, psychology and philosophy who have completed 90 units of work with at least a "B" average.

Spiny-Rayed Fish Program

Fish and Game Commissioner William J. Silva of Modesto agreed to act on the program of the Associated Sportsmen of California for the establishment of spiny-rayed fish in the Central Valley lakes and streams.

George Difani of Sacramento placed the issue in the Commission's hands at their Fresno meeting last month.

"More attention should be given to stocking Central Valley waters with black bass, blue gills, perch and other warm water fish," Difani stated. "By providing more fishing of this type a great deal of angling pressure will be removed from trout streams. Further, thousands of anglers prefer bass fishing."

Commissioner Silva will work with the ASC and the Bureau of Fish Conservation to develop a strong program, he said.

The first public bowling greens in the United States were established in San Francisco's Golden Gate Park.

Sportsmen Meet At Chico

A strong rumor that the U. S. Bureau of Reclamation will release no water for migratory fish conservation in the San Joaquin River this year will be thoroughly discussed at the State Council Meeting of the Associated Sportsmen of California at Chico, Sunday, June 20, 1948.

The rumor, emanating from an unusually reliable source, is to the effect that all water releases from Friant and other San Joaquin Valley river dams under the Bureau's jurisdiction would be solely for irrigation purposes.

According to President Henry Clineschmidt, the ASC will lay plans to combat such a disastrous policy pending official confirmation of the rumor.

Other items on the agenda include:

A report on the pollution investigation now being conducted by Assemblyman Randall Dickey of Alameda. Bill McCull and Hal Wolfe will make the report, including the findings to date on the Woodland situation and the legislative, educational and promotional activities which must be undertaken by the ASC.

Two reports from President Clineschmidt, one on the triple meetings he attended at Salt Lake, June 2, 3 and 4, and the other on the fire prevention program. The meetings at Salt Lake were the Western Association of Game and

NATIONAL PRESS BUILDING WASHINGTON, D. C.

By Anne Goode

Save time and steps by arranging cooking tools on hooks near the stove. Those with colored handles add a bright note, or perhaps you prefer chrome-plated steel ones which do not char if left too near the flame.

Here's how to make quick cakes for a kiddie party: bake layers, then with a small biscuit cutter, cut into cakes. Frost with icing of different colors. And with no fuss and bother you've a pretty assortment.

Time for spring salads and now the real mayonnaise is again plentiful you can make the best. Don't forget, though, that you can add other ingredients to real mayonnaise to make even less different dressings.

Speaking of Spring, here's a clever note: before giving furniture a waxing, first go over it with a damp cloth dipped in a solution of 1/4 water to 1/4 vinegar, then one dipped in water. Dry and wax. Vinegar solution cleans wood of accumulation of winter's greasy dirt.

Christian Scientists Hold Annual Meet

BOSTON, Mass.—Declaring that democratic government is the instrument through which an irresistible, spiritual force is being channeled into the affairs of men, The Christian Science Board of Directors urged Christian Scientists, in annual meeting, here, to work strongly and actively for the defense of free governments throughout the world.

Rightly conceived, the Directors told the Annual Meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, democratic government is something more than an aggregation of legislative acts and legalized rules of conduct.

"It is the orderly unfoldment of the moral character and spiritual integrity of its citizens," the spokesman for the worldwide Christian Science movement, affirmed. As such, they said, free government rightly merits active defense of its sacred purpose, in addition to the pious declarations of allegiance to its outer form.

Thousands of Christian Scientists from many parts of the world heard the Directors issue a distinct challenge to the proud, boastful "Goliaths of today, as they go to and fro in the earth. Denying God, they are denying their own life, for God is the only life of man," they stated.

The incoming president, Harry C. Browne, whose only official duty is to preside at the Annual Meeting, declared that the success of any organization, institution or government depends upon the spiritual efficacy of the governing or controlling instrument.

"With the problem of world peace confronting us," he said, "these same divine qualities applied in individual thought and action will be found as potent and as powerful as they were in Jesus' time."

Other reports from the Treasurer and Clerk of The Mother Church, The Christian Science Board of Lectureship, Trustees of The Christian Science Publishing Society, Committee on Publication, and Trustees under the Will of Mary Baker Eddy stressed the worldwide progress of the Christian Science movement during the last year.

New high advertising peaks for The Christian Science Monitor were reported. A new air-mail plan in keeping with the trend of worldwide news distribution was described under which subscribers in London, Los Angeles, and San Francisco can obtain speedier deliveries.

More than 6,000,000 people listen to the weekly Monitor broadcast of "The Christian Science Monitor Views the News," it was disclosed by the Trustees of the Publishing Society.

Circulation of all Christian Science periodicals was reported to be continuing to set new high records.

From the Committee on Publication, center of an official worldwide network of information, came the report of a postwar revival of religious activities in foreign countries.

Rain Damage to

(Continued from Page 1)

per cent under 1947 and culls due to rain spoilage may bring the loss to 40 or 45 per cent, Farm Bureau officials said today.

In 1947, valley cherries were brined for the first time and this year producers estimate that 80 per cent of the harvest will be brined.

In assessing the rain damage, Steindorf said that loss to the Tartarian variety was better than 30 per cent and from 10 to 15 per cent to the Bing variety in the county. Some spotted damage was also reported to the Royal Anne cherries.

Most of the cherries sold have been for brining at 17 cents for Black Republicans, 17½ cents for Royal Annes and Bings. One canner who normally buys his supplies out of the county, has been offering as high as 19 cents for Royal Annes suitable for canning.

Final selection of 320 out of 800 Navy and Marine Corps enlisted men is under way to determine who will receive Secretary of the Navy appointments to Annapolis next fall.

Rodeo Hostess

Introducing 17-year-old Maurine Storm of Salinas, just chosen hostess of the California Rodeo at Salinas June 17, 18, 19 and 20. Maurine's big job will be to entertain other high school girls from all parts of the state who will assemble in Salinas June 16 to compete for the title of Sweetheart of the California Rodeo.

Children's Wear Shop Opens

Nationally known brands of children's and infant's apparel will be handled by Helen's Juvenile Shop which opens Saturday in El Patio shops, Campbell avenue.

Mr. and Mrs. Frank DeRose, of San Tomas road, Campbell, are owners of the shop.

Among the well-known brand names on their shelves will be California Tiny Togs, which are manufactured in San Jose.

Lilac and baby blue have been combined in the decor of the shop with modern versions of nursery-rhyme wall papers. Special equipment has been designed for easy shopping and the convenience of customers.

Naval Air Reservists joined forces with a veteran's association to aid starving Navajo and Hopi tribes in Arizona recently when supplies, collected by the association, were flown to the recipients by Reserve pilots attached to Naval Air Station, Los Alamitos, California.

Final Summer Meet Senior Week

All Campbell members of the American Red Cross are invited to attend the golden anniversary dinner of San Jose chapter, to be held Wednesday, June 16, at 7 p.m. in Hotel Sainte Claire, San Jose, it was announced yesterday by Frank H. Lewis, chapter chairman.

booths at the Campbell Coordinating Council Carnival to be held during July.

Kiwanis Hears

(Continued from Page 1)

member election is a definite step forward in the movement to streamline the government.

The meeting was held in Country woman's Club jointly with the Los Gatos Kiwanis club. Budd Levenberg and Ben Mulenberg were chairmen of the day. Motion pictures prepared by the Aluminum Company of America will be presented next Tuesday.

New York led the nation with 5,046 first enlistees in the U. S. Navy during calendar 1947, according to a recent break-down of recruiting figures. Second state was California with 4,853, third was Pennsylvania with 4,068, and last was Delaware with only 80.

A whale is not a fish; it is a mammal.

Something new has been added

AT

RACHEL'S

Though it must be with sincere regret in leaving the pleasant associations formed during my years in business here, I am indeed happy and proud to announce that the firm of Rachel's will continue to be operated under the same name, and with the same policy of serving you with distinctive and dependable merchandise at reasonable prices. On June 28, the firm will be under the able and friendly management of the present members of the staff:

Mrs. Paul Larkin and Mrs. I. O. McConnell

I wish to thank all the friends of the shop for their interest and patronage in the past and to express the hope that the new managing owners will enjoy the same cordial relationship with the people of Campbell.

Rachel Spradling
